

Annual Faculty Review Process

Reflection and Planning:

The annual review is an opportunity for faculty to reflect upon the activities and achievements of the preceding academic year, to consider how these align with the goals they set the previous year (for continuing faculty), and to set goals for the upcoming year.

Conversation and Feedback:

The Chair or Department designee meets with each faculty member. They discuss the activities and goals of the faculty member, academic performance, and progress toward promotion.

Annual Faculty Review Process

The Academic Year under review runs from

July 1, 2023

June 30, 2024

Annual Faculty Review Process

Timeline for the 2023-2024 review cycle:

- **March 21, 2024:** Site opens for faculty input
- By **June 10, 2024:** Faculty data submitted
- By **August 23, 2024:** Discussions held, feedback given and confirmed
 - The process may be completed as quickly as the faculty member and chair/designee can enter information and hold their meeting.
